DINING CO

THE MOST *wonderful* TIME OF THE YEAR

Cambridge Dining Co. design and deliver extraordinary festive experiences, from grand corporate dinners to showstopping themed events and relaxed informal gatherings.

Whether you have an initial or fully formed idea, our passionate **team of creatives** are all yours. Together we develop your concept to ensure an expertly paced event full of innovative experiences with a little something for everyone.

DINING

Our chefs develop, trial and refine seasonal menus featuring fresh, locally sourced ingredients from trusted suppliers. Whether you prefer an informal sharing feast or a formal multi-course affair, we collaborate closely with you to deliver exceptional food for the ultimate festive celebration.

Set within iconic Cambridge venues, from elegant Grade II-listed halls to intimate private rooms and striking museum galleries, every moment is designed to feel as magical as the season itself.

TASTING EXPERIENCES

At Cambridge Dining Co., we tailor tasting experiences to shape your perfect Christmas menu. You will be invited to visit our modern suite, where your dedicated event and chef duo will guide you through each dish.

Our goal is to change the expectation of catered food by taking the time to understand your vision, giving you full trust in us to make your dream Christmas party a reality.

THEMED EVENTS

At The Cambridge Dining Co., we believe a themed event should capture the essence of its era with sophistication. We develop innovative concepts and collaborate with trusted suppliers to deliver your vision. From concept to delivery, we manage every detail and can even arrange a professional photographer to showcase your event in style.

STREET FOOD

Our on-trend street food stations blend bold, seasonal flavours with global inspiration, offering a vibrant, informal dining experience perfect for winter events. From slow-cooked roast meats and loaded festive buns to sweet festive treats, each dish is freshly prepared and served from traditional alpine-style stalls.

These live stations create a dynamic, theatrical atmosphere that engages guest interaction. A relaxed, sociable alternative to formal dining where guests are free to explore, mingle and sample an array of cuisine.
